📍 Dombivli, Maharashtra, India | 📞 +91-8104972868 | ✉ [nidhishettyguna62@gmail.com](mailto:nidhishettyguna62@gmail.com) | 🌐 [Portfolio](#)

---

## PROFESSIONAL SUMMARY

Detail-oriented and technology-driven professional with hands-on knowledge of web development, programming, and database management. Passionate about creating intuitive, user-focused digital experiences with a growing interest in UI/UX design and modern frontend technologies.

---

## EDUCATION

### Bachelor of Science in Information Technology (B.Sc.-IT)

S.I.A College of Higher Education, University of Mumbai 2023–2026 | **CGPA 7.65**

### Higher Secondary Certificate (HSC)

S.I.A Junior College, Mumbai Board 2022–2023 | **Score: 74.33%**

### Secondary School Certificate (SSC)

S.I.A School of Higher Education, Dombivli . Completed: 2021 | **Score: 77.20%**

---

## ACADEMIC PROJECTS

### Bittu Cafe – Online Food Ordering System [[Github link](#)]

**Technologies:** ASP.NET (C#), SQL Server, HTML, CSS, JavaScript

- Developed a web-based food ordering system to simplify online ordering for customers while automating restaurant operations through secure authentication, digital menu, shopping cart, payment processing, order tracking, and an admin dashboard.
- Implemented the application using ASP.NET (C#), SQL Server, HTML, CSS, and JavaScript, ensuring a secure, responsive, and user-friendly experience for both customers and administrators.
- Improved restaurant efficiency by reducing manual order processing and billing errors, while providing a more complete experience than basic restaurant websites with integrated payments, real-time order tracking, and centralized management.

### Voyexa – AI-Powered Travel Super App (UI/UX Case Study) [[Github link](#)] [[Figma link](#)]

**Tools:** Figma, Auto Layout, Components, Variants, Smart Animate, Prototyping

- Designed an AI-powered travel application to simplify trip planning, where AI generates personalized itineraries, recommends destinations based on user interests and budget, and suggests nearby attractions for a seamless travel experience.
  - Created 12+ high-fidelity mobile screens in Figma using Auto Layout, Components, Variants, Smart Animate, and Prototyping, along with a reusable design system for consistency and scalability.
  - Delivered a user-friendly and interactive travel solution that enhances the overall planning experience by combining AI-driven recommendations with an intuitive UI/UX, making it more efficient than traditional travel application
- 

## TECHNICAL SKILLS

**Programming & Database:** ASP.NET, C#, SQL Server, Python

**Frontend:** HTML, CSS, JavaScript

**UI/UX:** Figma, Wireframing, Prototyping, Auto Layout, Components, User Journey Mapping, Basic UI/UX Design
